DUG HPC Cloud

Powerful, bare-metal compute and storage
Expertly supported so your work scales with ease

A complete, high performance computing (HPC) environment combining decades of experience and proprietary immersion-cooling with bare-metal servers and flexible storage to bring powerful performance to the cloud.

Powerful, bare-metal compute

Scale now
Latest GPU/CPU hardware on demand

Scale simply
Leverage 100s of pre-installed software packages

Scale sustainably
**DUG Cool** reduces power consumption by over 50%

Scale performance
All-flash **High Performance Storage**

Scale affordably
Low-cost **Capacity Storage**

Scale safely
Secure & automate backups with dedicated **Archive Storage**

Fast, affordable storage

All-access pass to HPC Experts

Scale support
Tailored, round-the-clock support

Scale experience
Decades of hands-on HPC solutions

Scale knowledge
Domain-specific expertise for in-depth optimisation
