

Local hero DUG bags Equinor contract

NEWLY ASX-listed DUG Technology has pulled in a large new fish in Equinor, signing a multi-year deal for seismic processing and imaging technology with the Norwegian oil and gas giant.

DUG's MD Dr Matt Lamont

01 September 2020

Equinor will replace its third-party technology with DUG's McCloud which can mix and match its high-performance computing-as-a-service, seismic processing and imaging services and its DUG Insight.
