## **The Circus Comes DownUnder**

he DownUnder GeoSolutions Circus rolled into Perth on a beautiful Summer's night in late November (ok, that was officially still Spring, but it was like a Summer's night – so just go with it).

Guests were welcomed by Ring Leader extraordinare, Matt Lamont, then wowed by animal tamers, acrobats and fire eaters. There were high flyers galore – both on the trapeze and in the geophysics arena!

After feasting on popcorn, fairy floss and pizza from the world famous Nunzio guests danced the night away in the big top. The crazy 80s revival band, Oats Supply, were a fitting end to a night of colourful antics. ■
