Results for Announcement to the Market Year Ended 30 June 2020

(previous corresponding period : Year ended 30 June 2019)

	US\$'000	US\$'000	US\$'000	%
Revenue from ordinary activities	49,405	52,135	(2,730)	(5.2%)

Loss after tax attributable to members including "one off" finance expenses	(8,275)	(2,633)	(5,642)	(214.3%)

Abbreviated Explanation of Results

Revenue from ordinary activities of US\$49.4m represents a decrease of US\$2.7m (5.2%) compared with the prior year. The decline is primarily in the Services division as COVID delayed the commencement of new projects in the last quarter of the financial year. Revenue in the HPCaaS division increased by 30.5% in FY20.

On 29 July 2020, DUG signed a McCloud Agreement to provide a multi-national energy company, with access to High Performance Compute (HPCaaS) and DUG Insight software and Services through the DUG McCloud platform. Commencing on 1 August 2020, the initial contract is for one year with renewal options. The committed value of the contract, excluding potential burst utilisation, is US\$2.7m per annum.

Operating profit was impacted by lower revenue and investment in the HPCaaS division where IT and sales and marketing headcount was expanded.

Loss after tax attributable to members before the below described "one off" finance expense amounted to US\$3.5m.

On 26 February 2020, as part of the IPO process, DUG raised US\$12.1m (AU\$18.2m) in Pre-IPO funds using a convertible note instrument. The convertible notes bear interest at 10% per annum. Conversion events include a capital raising event of AU\$5m, an event which brings about a change of control, completion of the IPO or maturity, which is 6 months from the date the convertible notes were issued. The notes convert at the lesser price of 80% of the IPO price and 80% of the market capitalisation of AU\$130.0m.

DUG listed on the ASX on 12 August 2020 and 16,888,889 Ordinary Shares were issued on conversion of the notes. This transaction resulted in additional "one off" finance expenses of US\$4.8m being recorded in the 30 June 2020 Consolidated Statement of Profit and Loss relating to transaction fees, interest and the fair valuation of the convertible note instrument and IPO related costs.
