### 2. PRINCIPAL ACTIVITIES

DUG Technology Ltd (DUG) is a technology company providing high-performance computing as a service (HPCaaS), with scientific data analysis and software solutions for the global technology and resource sectors. DUG owns and operates some of the largest and "greenest" high-performance computing (HPC) installations in the world.

### 3. CORPORATE CHANGES

On 10 August 2020, the Company was admitted to the Official List of ASX Limited and on 12 August 2020, the Company's ordinary fully paid shares were quoted on the ASX. The Company's ASX code is 'DUG'.

### 4. REVIEW AND RESULTS OF OPERATIONS

Summary revenue and earnings for the six-month period ended 31 December 2020, 30 June 2020 and 31 December 2019.

Revenue and Earnings	H1FY21	'Unaudited' H2FY20	H1FY20	Change HY1FY21 & H2FY20	Change HY1FY21 & H1FY20

Add: income tax expense	0.6	(0.1)	1.5	936.4%	(62.3%)
<b>EBITDA</b>	<b>2.5</b>	<b>4.1</b>	<b>5.1</b>	<b>(39.8%)</b>	<b>(51.7%)</b>
Add: non-recurring and listed company costs	1.7	-	-	-	-
<b>Underlying EBITDA</b>	<b>4.2</b>	<b>4.1</b>	<b>5.1</b>	<b>1.9%</b>	<b>(18.3%)</b>
Net loss after tax excluding "one-off" finance expense, non-recurring and listed company costs	(0.9)	(1.2)	(2.3)	20.4%	59.0%

Revenue from ordinary activities of US\$24.2m represents an increase of US\$1.6m when compared with the six-month period ended 30 June 2020 and a decrease of US\$2.6m compared with the prior period (2019: US\$26.8m).

The decline is primarily in the Services division as COVID-19 and oil price volatility have delayed awarded projects in Services. The current average award time is four months compared to average of two months in the prior year.

Revenue in HPC division increased by 63% when compared with the six-month period ended 31 December 2019. The major driver for this growth was the expansion of the client base. These contracts include recurring, committed compute usage, storage and cluster software. One example is Equinor, where DUG displaced the existing major third-party Cloud provider with DUG McCloud. Equinor is now using DUG Insight software and HPCaaS to power their internal geoscience.

DUG has US\$1.1m of contracted HPCaaS and Cluster Software revenue from February to June 2021.

The Group's EBITDA for the six-month period ended 31 December 2020 is US\$2.5m, which represents a decrease of US\$1.6m compared with the six-month period ended 30 June 2020 and a decrease of US\$2.6m compared with the six-month period ended 31 December 2019. During this period, the group incurred non-

recurring costs of US\$1.7m in relation to redundancy of c. 10% of the workforce mainly in the Services division, bad debts write-off and listed company costs which were not a component of the prior year comparative.

DUG's Software and HPCaaS divisions posted improved EBITDA margins for the six-month period ended 31 December 2020. Software achieved 50.0% (2019: 46.6), HPCaaS achieved 34.3% (2019: 10.8%) and Services declined to a loss of 14.4% (2019: profit 10.7%). For further segment information please refer to note 12.

Underlying EBITDA adjusted for non-recurring costs and additional costs of being listed for the six-month period ended 31 December 2020 is US\$4.2m.

The Group's net loss after tax (NPAT) for the six-month period ended 31 December 2020 is \$4.4m (June 2020: \$5.8m, December 2019: \$2.5m).

On an adjusted basis, excluding one-off finance expense, non-recurring and public company costs, the net loss after tax was US\$0.9m compared to an adjusted net loss of US\$1.2m in the six-month period ended 30 June 2020, representing a decrease of 20% and US\$2.3m in the corresponding period last year, representing a decrease of 59%.

Capex spend for the six-month period ended 31 December 2020 was US\$5.5m. This capex spend was invested in compute, storage and networking to increase capacity in Houston facility.

## 5. SIGNIFICANT CHANGES IN THE STATE OF AFFAIRS

Other than matters mentioned in this report, no other significant changes in the state of affairs of the Group occurred during the half-year under review.

## 6. EVENTS SUBSEQUENT TO REPORTING DATE

A USA customer has recently undertaken a voluntary restructure due to financial difficulties. DUG has reached a settlement agreement with this customer resulting in an amount of US\$0.4m being written off in the half-year accounts ended 31 December 2020.

No other matters or circumstances have arisen since the end of the period which significantly affected or may significantly affect the operations of the Group, the results of those operations or the state of affairs of the Group in future financial years.

1. The following facilities are currently in place:

a. Revolving facility of US\$7,000,000 (30 June 2020: US\$7,000,000):

This facility is comprised of two sub facilities covering growth capex and working capital purposes. Interest is calculated as LIBOR plus a margin.

The Financier conducts an annual review of the facilities. The Financier has absolute discretion, to determine the roll over for a further 12 months.

b. Term debt facilities of US\$17,805,000<sup>1</sup> (30 June 2020: US\$17,805,000):

These facilities are key refinancing facilities comprised of three term debt components. Interest is calculated as LIBOR plus a margin.

<sup>1</sup> CBA approved a short term extension of the term debt facilities to 7 January 2022. DUG continues to work with CBA to formalise the facility extension to a longer term.

The Group has provided the following security in relation to the bank facilities:

- i. A first ranking general security to Commonwealth Bank of Australia (CBA) over all present and future rights, property and undertakings.
- ii. General security deed and working capital guarantee recourse deed with Export Finance Insurance Corporation (EFIC) in Australia to partially guarantee facilities provided by CBA.
- iii. There is a fixed charge on all freehold, leasehold, book debts and other assets of the Group, in respect of a bank loan drawdown. The bank also has a floating charge over all the assets of the Group.

Covenants are imposed by the bank on a quarterly basis and include:

- a. A gross leverage ratio based on financial indebtedness less cash reserves divided by Group EBITDA; and
- b. A debt service coverage ratio of after debt cashflows as a proportion of debt servicing.

The weighted average effective interest rate on the bank loans is 2.18% per annum (30 June 2020: 4.72%). Decline in weighted average effective interest rate is mainly due to decrease in LIBOR.

The amount drawn-down and available for each facility at 31 December 2020 is as follows:

	Facility available US\$	Amount drawn US\$	Balance available US\$
Revolving loan	7,000,000	734,760	6,265,240
Term debt	17,805,000	17,796,236	8,764

<b>Total</b>	<b>25,571,400</b>	<b>18,530,996</b>	<b>7,040,404</b>

<sup>2</sup> The overdraft available is A\$1,000,000.

- Promissory notes are payable to G Tower Sdn Bhd and IQumulate Premium Funding. The loan from G Tower relates to funding of data centre fit-out in DownUnder GeoSolutions (Asia) Sdn Bhd. The loan from IQumulate is for insurance premium funding. The carrying value of promissory notes is shown net of deferred finance charges of US\$445,712 (30 June 2020: US\$346,823).
- Convertible notes were converted into shares on 29 July 2020 at a price equal to 80% of the Offer Price, being A\$1.08.

## 11. CAPITAL AND RESERVES

- 16,888,889 fully paid ordinary shares were issued to the Convertible Note Holders on conversion of the convertible note at a price equal to 80% of the Offer Price.
- 19,259,259 fully paid ordinary shares were issued to investors.
- The Company invites key employees to acquire shares in DUG Technology Ltd under a Loan Funded Share Plan. During the period ended 31 December 2020, 168,510 shares were offered (FY20: 100,576). The shares are granted at market value with the assistance of a limited recourse loan for a term of 10 years. Any dividends payable in respect of these shares are repayable against the loan, until the loan is fully repaid.
- The fair value of the shares granted under the loan funded share plan are measured using the Black-Scholes method. Volatility is determined by calculating the annualised standard deviation of daily change in trading price over a 90-day period.

1. The share based payment reserve comprises expenses incurred from the issue of Company's shares under the employee loan funded share plan.
2. The translation reserve comprises all foreign exchange differences arising from the translation of the financial statements of the Group where the functional currencies are different to the presentation currency for reporting purposes, including the translation of liabilities that hedge the Group's net investment in a foreign subsidiary.

## 12. SEGMENT INFORMATION

For management purposes, the Group is organised into business segments based on its products and services and has three reportable segments, as follows:

1. The High-Performance Computing as a Service (HPCaaS) segment allows clients to connect to DUG's HPC and storage in a complete HPC environment. The Company's supercomputers, located in four global locations, provide substantial compute and storage capabilities.
2. The Services segment, provides clients with two types of services:
  - a. Data loading, quality control and management.
  - b. Scientific data analysis.
3. The Software segment, has two main products:
  - a. DUG Insight - A modern, intuitive and interactive software package for scientific processing and visualisation.
  - b. Software and algorithm support and development to enable a client to successfully run on DUG's HPC.

DUG McCloud is a collaborative cloud platform that enables clients to mix and match the three product offerings with their own codes and expertise, to suit their needs and desired outcomes.

No operating segments have been aggregated to form the above reportable segments.

The Company monitors the operating results of its business segments separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit or loss and is measured consistently with profit or loss in the consolidated financial statements. The Group's financing (including finance costs, finance income and other income) and income taxes are managed on a Group basis and are not allocated to operating segments.

Transfer prices between operating segments are on an arm's length basis in a manner similar to transactions with third parties.

### 13. CONTINGENT LIABILITIES

There has been no change in contingent liabilities since the last annual reporting period.

### 14. SUBSEQUENT EVENTS

A customer based in the USA has recently undertaken a voluntary restructure due to financial difficulties. DUG has reached a settlement agreement with this customer resulting in an amount of US\$426,628 being written off in the half-year accounts ended 31 December 2020.

No other matters or circumstances have arisen since the end of the period which significantly affected or may significantly affect the operations of the Group, the results of those operations or the state of affairs of the Group in future financial years.

## Directors' Declaration

In accordance with a resolution of the directors of DUG Technology Ltd, the directors of the Company declare that:

- a. the financial statements and notes for the half-year ended 31 December 2020 are in accordance with the Corporations Act 2001, including:

### Report on the Half-Year Financial Report

#### Conclusion

We have reviewed the financial report of DUG Technology Ltd (the "Company") and its subsidiaries (the "Group"), which comprises the consolidated statement of financial position as at 31 December 2020, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date, notes to the financial statements including a summary of significant accounting policies, other explanatory information and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Group is not in accordance with the *Corporations Act 2001*, including:

- i. giving a true and fair view of the Group's financial position as at 31 December 2020 and of its financial performance for the half-year ended on that date; and
- ii. complying with Accounting Standard AASB 134: *Interim Financial Reporting* and the *Corporations Regulations 2001*.

#### Directors' Responsibility for the Half-Year Financial Report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards (including Australian Accounting Interpretations) and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standards on Review Engagements ASRE 2410: *Review of Interim and Other Financial Reports Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including:

- i. giving a true and fair view of the Group's financial position as at 31 December 2020 and its performance for the half-year ended on that date; and
- ii. complying with Accounting Standard AASB 134: *Interim Financial Reporting* and the *Corporations Regulations 2001*.

**INDEPENDENT AUDITOR'S REVIEW REPORT  
TO THE MEMBERS OF DUG TECHNOLOGY LTD (CONTINUED)**

**Auditor's Responsibility (continued)**

As the auditor of the company, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

**Independence**

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.
